Testimonial on collaboration with Markaz Arts & Science College, Athavanad

This office conveys our gratitude for the support of Markaz Arts & Science College, Athavanad in conducting Government Publicity Campaigns. Also conveys gratitude to Dr. C.P. Muhammad Kutty, Principal, Markaz Arts & Science College for being a regular Resource Person in the campaigns. We could utilize Dr. C.P. Muhammad Kutty's expertise in classes on 'healthy food habits' and his classes were well appreciated by the participants of the programmes so far.

This office had conducted many programmes in coordination with Markaz Arts & Science College, Athavanad like- Exhibition on freedom struggle, Right to Information Act, COVID defense, Swatchh Bharat Abhiyaan, Sanitation, etc. Through this coordination, this office could reach the youth and spread the messages among young people.

We are looking forward to the continuation of the same support and collaboration in the future also and appreciate the college's support in government campaigns.

Prajith Kumar. M.V
